SCHOOL REPORTS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board:

I herewith submit my second report of the schools of the Deering School District.

Mrs. Kenneth Colburn has taught at West Deering as she has for the past few years, being the only one of this year's teachers who taught for us last year. Miss Hope Smith, also gave excellent satisfaction in the Pond School last year, moved to Waltham, Mass., and we were fortunate to obtain Mrs. Maurice Parker, as teacher of that school.

Due to the number of pupils in East Deering, and the difficulty of transportation, it was decided to open that school, and Miss Almeda A. Holmes has been the teacher. Mrs. Webster, who taught at the North School last year moved from town, and her place has been acceptably filled by Miss Eunice Gaddas of Hillsboro. No teacher could be found for the Center School, so the children have been transported to Hillsboro. Although they, in that way, have the benefit of an excellent school, it is a very hard trip in the most severe winter weather, and it would be best to open the enter School, if a satisfactory teacher can be found.

All our children had an opportunity to attend school thirty-four weeks or more, as the children who attended the school in the Center, had previously attended school at Hillsboro.

It should be note dthat the average attendance has improved from 84 percent to 88 percent this year. Children cannot make the necessary progress unless they regularly attend school, and 95 percent attendance is not too much to expect.

The average teaching experience of our four teachers is $31\frac{1}{2}$ years, one is a Normal graduate and one has attended a University. All are giving satisfaction. Of the eight children who were in the eighth grade last year, all creditably passed examinations for entrance to High School and seven of them continued their studies, five going to the Hillsboro High School and two to the High School in Weare.

A large number of children attend the Hillsboro School. Twelve of our young people are attending high school, ten at Hillsboro and two at Weare. This speaks well for the interest our people take in education, as some towns with many times our population have but few more high school pupils.

We urge parents and friends to visit our schools and thus encourage both the children and the teachers.

Respectfully submitted,

A. A. HOLDEN,

Supt. of Schools.

January 1, 1921.
